Engine oil requirement for all Volkswagen vehicles

When performing repairs, scheduled maintenance or other service to Volkswagen vehicles that require the addition of engine oil, whether topping off or doing a complete oil change, **dealers must use engine oil that meets Volkswagen oil quality standards.** Lists of these oils appear in Technical Bulletin Instance Number 2012855 on ElsaWeb.

For the dealers' convenience, there is a document attached to this circular that contains abbreviated lists of oils that currently meet the current VW oil quality standards and are readily available in the North American Market. These lists are subject to change. Always refer to the Technical Bulletin for the latest information.
